

# New Jersey Manufacturers Insurance Company is coming!

NJM operates in a mutual fashion, for the exclusive, long-term benefit of policyholders. Dividends have been paid to policyholders – not stockholders – each year since 1918.

As a leading property/casualty insurance company, NJM covers safe New Jersey and Pennsylvania drivers who work for members of the New Jersey Business & Industry Association – like our employees!

**Date:**  
**Time:**
