Overview
The William Paterson University Greek S.T.A.R. (Striving Towards Amazing Results) Leaders Program is designed to help members of the Greek community who currently hold leadership positions or who aspire to hold a position, gain skills needed to make an impact in their respective organizations. Through their participation in the program, they will be able to network with their peers while participating in a variety of educational sessions. The program meets a specific need within the fraternity and sorority community, and seeks to supplement the holistic growth and development that WPU hopes to provide each student.

Who Will Participate?
Students who participate in the program will become “S.T.A.R. Certified” through our WP digital badge after they have successfully completed the requirements for the Fall and Spring semester programs. Two executive board members from each chapter will be required to participate in the program and represent their organizations. In addition to the two executive board members, each chapter will identify and select 10% of their chapter membership to complete the Greek S.T.A.R. Leaders Program.

Program Learning Outcomes
✓ Identify current issues within Greek Life and foster a climate for change
✓ Illustrate decision making and behaviors that support personal and organizational values
✓ Develop personal leadership & problem solving skills through program implementation
✓ Gain an appreciation for civic engagement and social justice as it applies to the values of fraternal organizations
✓ Formulate meaningful relationships that lead to a culture of care and concern for others within their chapters and the larger Greek community
