Greek Organization New Member Education Policy
Revised 12/3/18

1. Prior to being approved by Campus Activities, Service and Leadership (CASL) to conduct a new member education process, organizations in good standing must submit to CASL:
   - a list of all potential members / interests,
   - a copy of the organization’s new member education plan,
   - a copy of the organization’s national hazing policy.

All potential members must attend an Anti-Hazing Workshop and meet the New Member Eligibility Requirements before beginning any new member process

2. All new member recruitment (including pre-member / interest) and education programs must occur on William Paterson University campus in reserved public spaces (not resident hall rooms). New member recruitment and education processes cannot take place in private residences (i.e. alumni homes). Prior to CASL approving the start of any new member activities, organizations must submit the dates/times/locations of all new member activities to their organization’s CASL Council advisor (CSIG, IFC, NPC, NPHC, UCGC) and campus advisor. Advisors may visit these activities at their discretion.

3. Organization's national office must approve any chapter alumni or non-student involved in the new member process to verify that these individuals are trained in hazing policies. Prior to CASL approving the start of any new member activities, the national office must provide to the organization's CASL Council advisor and campus advisor a list of all approved alumni or non-students involved in the new member recruitment and education process. CASL staff have the right to deny specific individuals involvement.

4. Organizations that require their potential / interests / new members to participate is regional and/or national activities (i.e. meetings, conferences) may submit a request to the CASL Greek advisor indicating the date, time, location and intended activity. This activity must be endorsed in writing by the regional / national office, and approved by CASL prior to students' participation. These activities must take place in a public location (not a private residence / home).

5. Prior to the approved start of the organization’s new member process, the organization’s President and New Member Educator must meet with their CASL Council advisor to review the WP Hazing Policy. During the semester that the organization is conducting a new member process, President and New Member Educator must meet with the CASL and student organization advisor to review the new member process and its progress.

6. In addition, all potential new members / interests must schedule a meeting with their CASL Council advisor and campus advisor within 4 weeks of beginning their process. These meetings can occur individually or in small groups.
