

**Mapping MBA G6 and LOs into Course
Fall 2017**

Goals/Objectives	Introduced or Reinforced in Course/s	Mastered in Course/s	To be Assessed In Course
<p>MBA Goal 6: Applied Business and Management Knowledge: Our MBA graduates will be proficient in integrating the techniques, processes, and procedures of the fundamental business disciplines (i.e. accounting, economics, finance, marketing, management, human resources, operations, and IT). They will be able to apply theory, skills, and knowledge from these disciplines to business practice.</p>			
<p>Objective 6.1: Our MBA graduates will develop tangible business management experiences (knowledge and competence) in their areas of professional interest through the integration of their MBA coursework.</p>	Lower Core, General	Upper Core, General	MBA6700 Integrated Learning Capstone Experience
<p>Objective 6.2: Our MBA graduates will effectively apply knowledge and skills in their areas of professional interest (i.e. including accounting, entrepreneurship, finance, marketing, general management, human resource management, music management, professional sales, and strategy), and master them by developing solutions to a selected real world business problem.</p>	Lower Core, General	Upper Core, General	MBA6700 Integrated Learning Capstone Experience
