_____ 1pt. _____

- * 2000 level or above
- + music majors waive course

Similar to the requirements in some of the programs in the Cotsakos School of Business and Music & Entertainment Industries majors, minors will earn non-credit bearing Professional Enrichment (PE) point through their active involvement and/or participation in selected on- and off-campus activities such as workshops, seminars, and specified career development programs on and off campus.. The PE initiative offers a wide range of co-curricular activities that enhance students' educational experience, by focusing on valuable "soft skills." This may entail networking within the industry, 'working' at various industry events, producing an event, etc.
 TOTAL 24 credit
