

FUNCTIONAL HEALTH STATUS

Students with a change in health status affecting functional capacity must complete the School of Nursing's Health Status Change form before attending clinical. Students with a change in health status that may impact their ability to attend and fully participate in clinical are highly discouraged from registering for clinical courses. However, if they choose to do so, they must submit the School of Nursing's Health Clearance form completed and signed by their provider prior to attending clinical. Students must again submit this form upon returning from any clinical absences or if there has been a change in health during the semester. Students are advised that any clinical absences may result in the inability to successfully meet the course objectives, thus resulting in failure of the clinical course. In addition to this, all students must abide by the regulations set forth by the clinical agencies. The School of Nursing has developed this policy for the safety and well-being of the students and the patients.

William Paterson University School of Nursing Health Status Change Form

By signing below, the Licensed Health Care Provider has determined that the following student,

is eligible for clinical practice and agrees with the following statement:

I find the above-named student to be in good physical and mental health; the student is free from any health impairment which is of potential risk to self, patients, personnel, students, or faculty and which might interfere with the performance of student's nursing student responsibilities.
