Teacher Inclusion Checklist Grading Rubric

SPED 636 Family and School Collaboration Practices

The purpose of this final project is to apply the knowledge and skills you have learned to prepare you for future work in the classroom. Create a realistic inclusion checklist that can be used by both general education and special educators to help better instruct student with disabilities in included classrooms. This checklist should have about 15-20 items. Pilot your checklist and get feedback from a special educator, general educator and principal and then report your results in a one-page reflection paper. Please make sure you include questions from the following course discussion and chapter topics.

Dimension	Target (3)	Acceptable (2)	Unacceptable (1)
