Hi Professor Mankiw,

I give you permission to include my TWS and PowerPoint on the NCATE electronic exhibits room. I am excited/honored for mine to have been chosen. If there is a way you could give me something that shows you chose mine that would be great to have or even add to my portfolio. I was also wondering if you could possibly write me a letter of recommendation to add to my portfolio due next week. Let me know.

Hope you are having a good semester! Student teaching is going great and extremely fast!

Thanks and talk to you soon,
Lauren
