

Adobe Premiere CC Competency Test

This test covers the student's knowledge of Adobe Premiere CC. A student may miss up to 4 of the non-essential questions to pass. If they miss one of the **essential questions**, it results in automatic failure for that test. Bolded questions are essential.

1	Instruct the student to locate and open Edit Share.
2	Instruct the student to copy their media to their Edit Share project space.
3	Instruct the student to locate and open Premiere.
3	Instruct the student to create a new project (set scratch disks, correct formats).
4	Have the student set their media cache location.
5	Instruct the student to locate the Media Browser and import their media.
6	Instruct the student to mark in and out points on the clip and bring it into the timeline.
7	Ask the student to create a new title with simple text.
8	Ask the student to locate the effects tab.
9	Ask the student to locate the effects controls.
10	Ask the student to add a transition between the title and the clip on the timeline.
11	Instruct the student to export the project as an H.264 (mp4) file.
