

Frezzi Light (Sun Gun) Kit Competency Test

This test covers the student's basic knowledge of the Frezzi Light (Sun Gun), available to Media Production students. The student is allowed to miss 3 of the non-essential questions to pass. If they miss one of the **essential questions**, it results in automatic failure. Bolded questions are essential.

The student will be provided with a PMW-200 along with the Frezzi Light (Sun Gun) Kit.

1	Put the battery into the light.
2	Mount the light onto the camera.
3	Is the light aimed forward?
4	Attach a filter to the light.
6	Turn on the Frezzi Light (Sun Gun).
7	Demonstrate how to change the light's intensity.
8	Turn off the Frezzi Light (Sun Gun).

Let the light cool down before you put it away. Review the equipment diagram on the lighting kit and confirm that all of the equipment is there.
